

Sojourn series The Traveler

Sojourn series (The Traveler)

The Sojourn series URway kiosk is an evolutionary kiosk platform. A unique design geared for the contemporary client with specific needs and ease of use. The lightweight aluminum design, modularity, mobility, unique engineering and quality construction are a perfect fit for a trade show or traveling kiosk exhibit and require NO tools for setup or breakdown.

The Sojourns modular design and expandable configuration options allows the flexibility to quickly configure the Sojourn kiosk for your needs. Determine how you need it today and with some simple field upgrades, quickly rebrand and configure the Sojourn for a new purpose and event tomorrow. Choose the optional steel base and the Sojourn is perfect for any permanent deployment.
